

Conditioner with pH balance

Stazko Products has developed an advanced conditioning formula designed to repair damaged coats, help with tangles and matting, and eliminate static electricity. This unique blend of conditioners, proteins and essential vitamins has a properly pH balanced formula and focuses on hydrating each hair shaft and closing the cuticle.

For more information, visit www.stazko.com.

Hot Spot Kit

Natures Balance Care has developed an organic Hot Spot Kit for dogs. The new product is a combination of two prior organic-approved products: the Groomer and the Bare Skin Barrier. Natures Balance products do not contain steroids, insecticides, pesticides or Pyrethrum.

For more information, visit www.naturesbalancecare.com.
