## **PET OWNERS WANT GREEN & GOVERNMENT IS RESPONDING**

Chemical companies are under fire, from EPA meetings April 12 & 13th about pet incidence due to exposure to Pyrethrum, Permethrin, Resmethrin and the Pyrethroid family of chemicals, to now a lawsuit brought forth by the National Resources Defense Council due to risks 1000 times higher than EPA levels from residue of flea collars, shampoos and spot treatments that pose a danger of cancer and neurological damage especially to children<sup>1</sup>.

The new White House administration is not kidding when they mean "GREEN" and as an Oregon company Congressman Earl Blumenauer has offered to provide the **First Lady** Nature's Balance **Groomer Flea & Tick Spray** and **Groomer Concentrate** as a safer "green" choice for their dog with special consideration to the health of her girls. Along with the organic dog care products Congress Blumenauer will be presenting Nature's Balance Kid Safe Adult Strong **Organic Insect Spray** for the Obama family as summer insect season approaches.

Nature's Balance **Groomer Flea & Tick Spray** and **Groomer Concentrate** products are the healthy natural choice for Dogs, People and the Environment.
